2018 FALL CO-ED SOFTBALL League Rules Addendum

Per discussions and subsequent votes at the Team Rep Meeting on October 30 here are the two adjustments to the rules this season:

*Courtesy Runners – Same as in the league rules except the courtesy runner does not need to be the last out.

*Runner Safety – A runner on 1st or 3rd base may start off of the base, in foul territory. After the batter contacts the pitched ball, runner must return to the base before advancing to the next base. Runners using this Runner Safety rule must notify the Umpire prior to using the rule.

Please make sure all of your players are notified of this information.

Sincerely,

Gary Gartner
