## **2019 SUMMER CO-ED SOFTBALL League Rules Addendum**

There are the Three (3) adjustments to the rules this season:

\*Courtesy Runners – Same as in the league rules except the courtesy runner does not need to be the last out.

\*Runner Safety – A runner on 1<sup>st</sup> or 3<sup>rd</sup> base may start off of the base, in foul territory. After the batter contacts the pitched ball, runner must return to the base before advancing to the next base. Runners using this Runner Safety rule must notify the Umpire prior to using the rule.

\*Game Balls – Each game the league will provide one (1) new ball & one (1) used ball per game.

Please make sure all of your players are notified of this information.

Sincerely,

Gary Gartner  
League Coordinator
